Alternative Farming Systems Information Center Periodicals Pertaining to Alternative Farming Systems

February 1993

The following journals and newsletters, listed for your information, frequently contain articles relating to alternative farming systems. Some journals cover organic farming, some deal with general or specific aspects of sustainable agriculture, and some are broad-based agriculture periodicals. **To see copies of these publications, you should contact your local public or university library.** For subscriptions or other information, please contact the address given in the listing.

Information quoted in this list has been gathered from a variety of different sources and is subject to change. Each listing was reviewed and verified by Michael Cassady, who serves the AFSIC as a volunteer. We at AFSIC are most appreciative of his diligent and thoughtful efforts.

KEY TO LISTINGS:

TITLE * = indexed selectively in AGRICOLA(or)

TITLE** = indexed cover-to-cover in AGRICOLA

Periodicals Pertaining to Alternative Learning Systems

Alternative Learning System Information Center

February 1991

The following journals and newsletters listed on this information, frequently contain articles relating to alternative learning systems. These journals have been selected for their general or specific focus on alternative learning systems and some are published in different countries. In the case of those publications, you should contact your local public or university library for information on where to subscribe. Please contact the address given in the listing.

Information appears in this list for journals and newsletters which are published in English or Spanish. Each listing contains the journal's title, country, and its frequency of publication. Where available, the journal's ISSN is also given and designated after the title.
